

Motorcycle and moped goggles

Special goggles of the highest quality designed for motocross, enduro, MTB. The goggles have been

designed to give the rider of a motorcycle or moped sufficient eye protection during riding.

Note to users:

- Riding a motorcycle can be dangerous and using goggles will not prevent injury.

The goggles are not designed to protect the rider in a sudden impact on hard objects. Goggles provide the rider with additional protection from debris, but they do not protect the rider in the event of a crash or fall.

- The strap is adjustable with a fixed buckle. If the length of the strap is adjusted correctly, the goggles will remain in their original position during the ride. The user must adjust the strap so that

so that the goggles fit securely yet comfortably over the eyes.

Maintenance:

The goggles must be stored in a clean, dry place, at a temperature between 5 - 30 °C.

After each use, clean the glasses with a wet anti-static cloth.
